World-class Adventure

2019 marked our 23rd season owning and operating Nahanni Butte Outfitters. It also marked an exciting time for our company as we continue to develop one of the best territories in North America, NWT Outfitters.

This area is located in the center of the game rich Mackenzie Mountains and combined with the Nahanni watershed gave us 8,000 square miles of spectacular country to operate.

By all accounts this season was an incredible success. Many world class animals were taken by our clients.

As we embark on this exciting chapter of our operation we will continue to provide our clients first class highly successful trips by providing premier country, equipment and crew.

If you are looking for a 5-star adventure hunt for quality game in some of the finest wilderness areas left in the world, give us a call.

Nahanni Butte and NWT Outfitters is family owned and operated by the Lancaster family. Jim and Nadine along with Clay and Kris and children are all involved in our operation. Many of our crew are also family and those who aren't have been with us so long they are family now!

Outfitting is our passion, our lifestyle and our dream!

We would like to thank our clients and crew for making 2019 a success.
